**Tamara Abbot - Director of School Operations,

Luke Mauricio, California Baptist University

**OUTSTANDING
CUSTOMER
SUPPORT**

"We recently ordered a custom door padding for a public school for disabled children. Although the school was late in ordering it, I explained... the purpose of the padding and asked to rush the order...the order shipped in a couple of days rather than weeks."

Dan-Long Island Mat

**SHIPPED IN A
COUPLE OF DAYS**

"Seriously want to thank you for your efforts on this one!!...CoverSports does a really tremendous job. The windscreens done at Arlington High School received rave reviews this past spring and really made it feel like a ballpark with it...You can expect all my projects to run through CoverSports!!"

"The results were incredible. Not only did the existing grass grow and green up, but the bare spots that we seeded in the fall were covered with thick new grass."

**Depending on color and weight selections, we may construct using two 5' sections heat sealed together.*
